James K. Hartman Assistant Manager Transition and Environmental Management DOE, RFO

APPLICABLE OR RELEVANT AND APPROPRIATE REQUIREMENTS (ARARs) (08027) NMH-425-93

This letter pertains to your above referenced memorandum to John Davis, Associate General Manager; Standards, Audits, and Assurance; EG&G Rocky Flats, Inc. In the memorandum, you requested a "master list of standards" from which Operable Units (OUs) may designate Applicable or Relevant and Appropriate Requirements (ARARs). The Environmental Restoration Management Department has developed a document titled "Site-Wide Benchmark Tables and Analytical Methods Compendium." This document has been reviewed by the Environmental Protection Agency (EPA) and the Colorado Department of Health (CDH). EG&G Rocky Flats is in the process of incorporating their comments and a revision will be available within 90 days.

From these benchmark tables, specific standards can be identified to create a set of ARARs which can be applied on a specific OU basis. The benchmark tables are current as of December 16, 1992, and reflect final EPA regulations existing on that date.

N. M. Hutchins
